

MİKROORGANİZMALAR

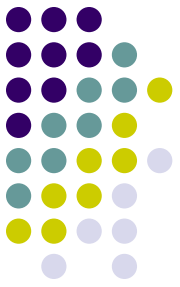

Laktik asit bakterilerinden bir örnek

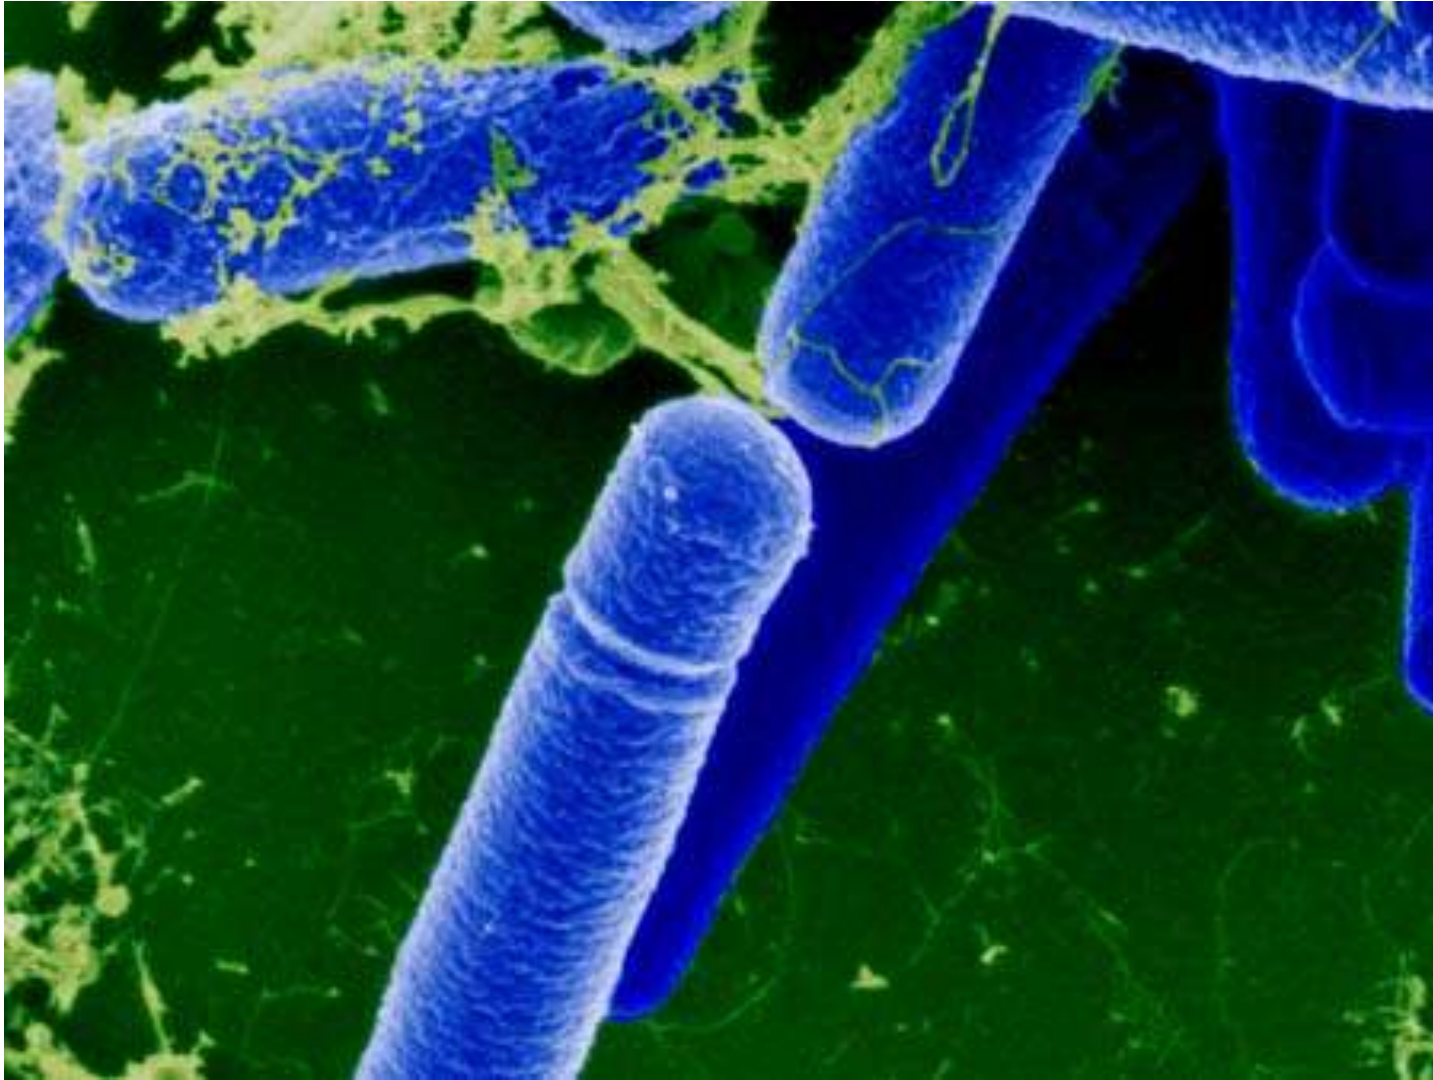

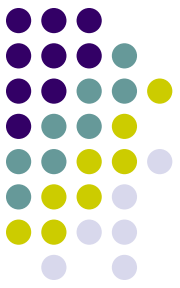

Bacillus anthracis

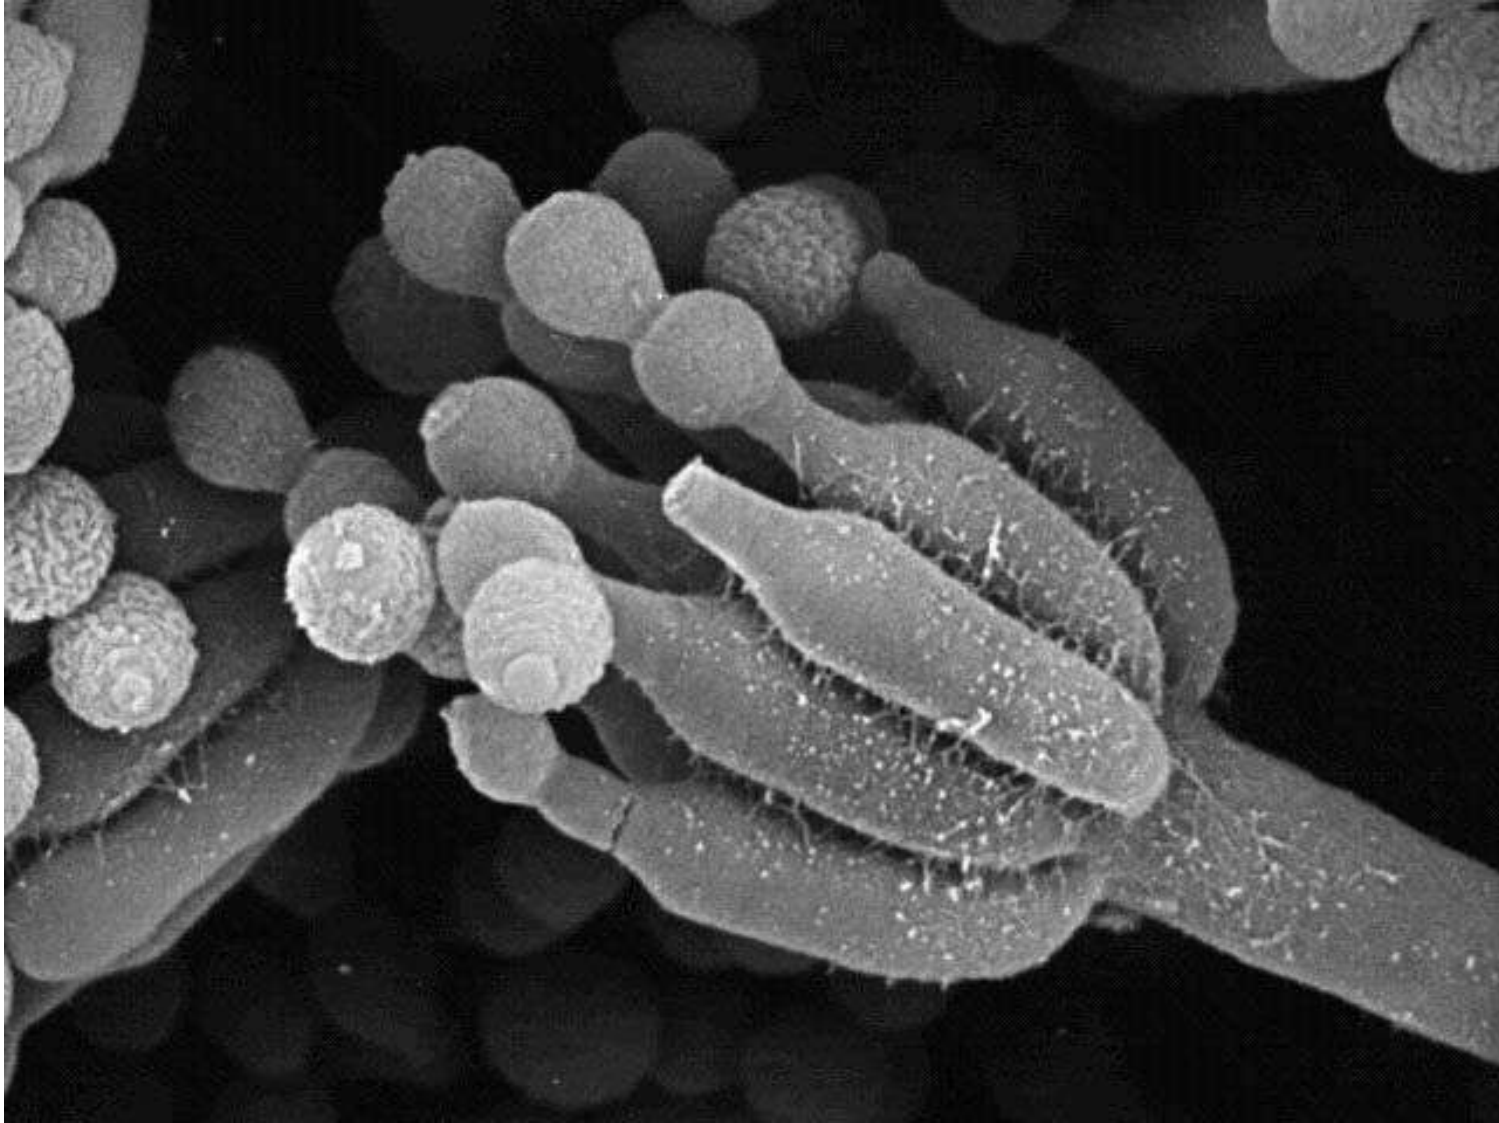

Bacillus cereus

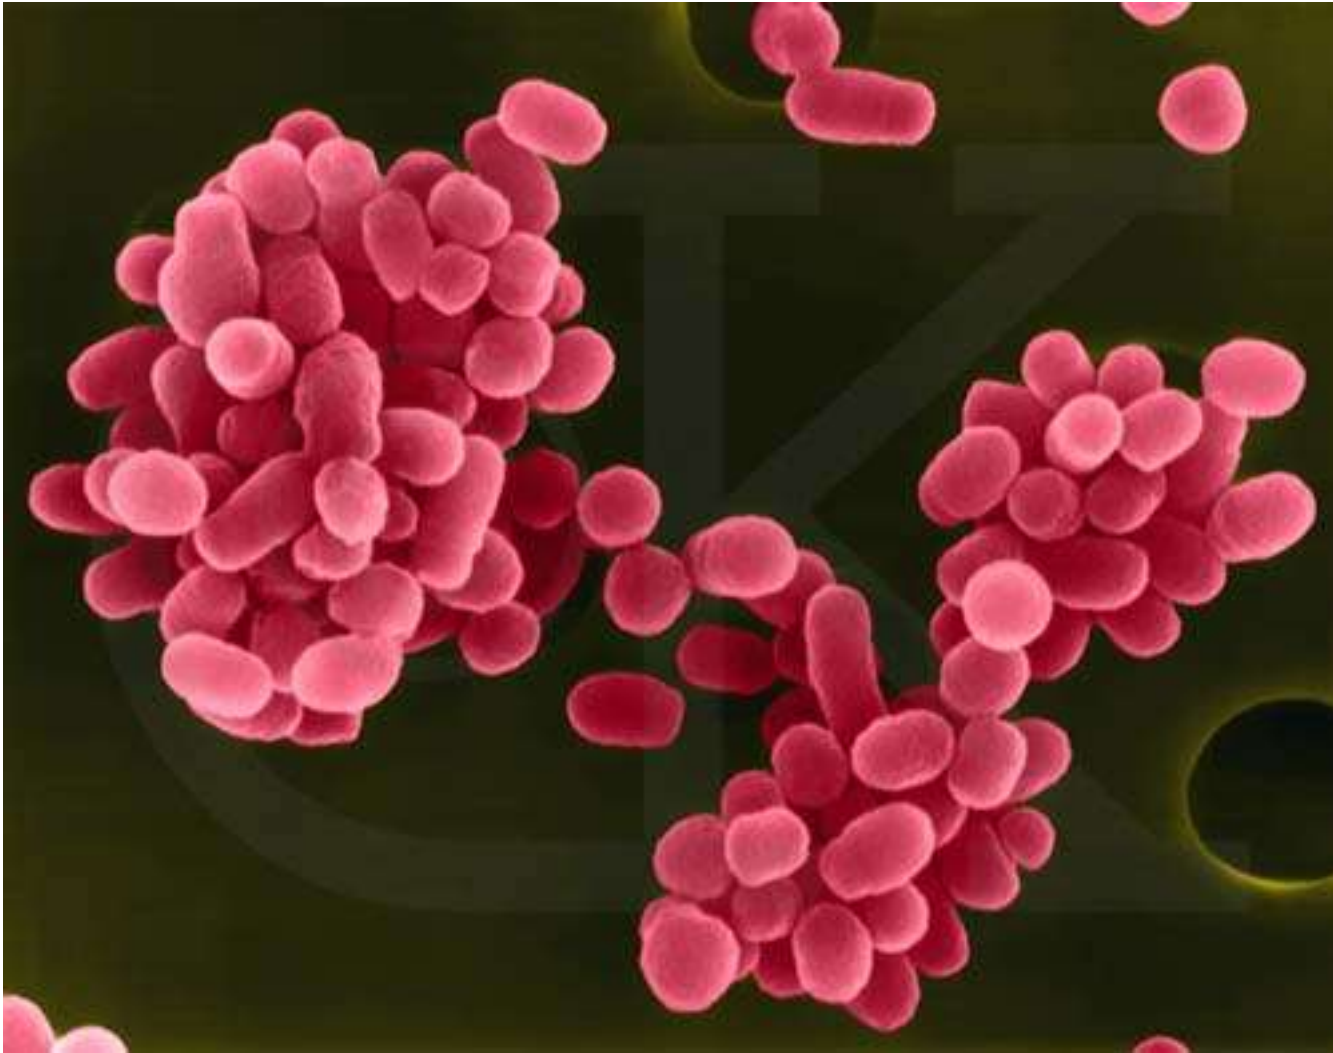

Bacillus subtilis

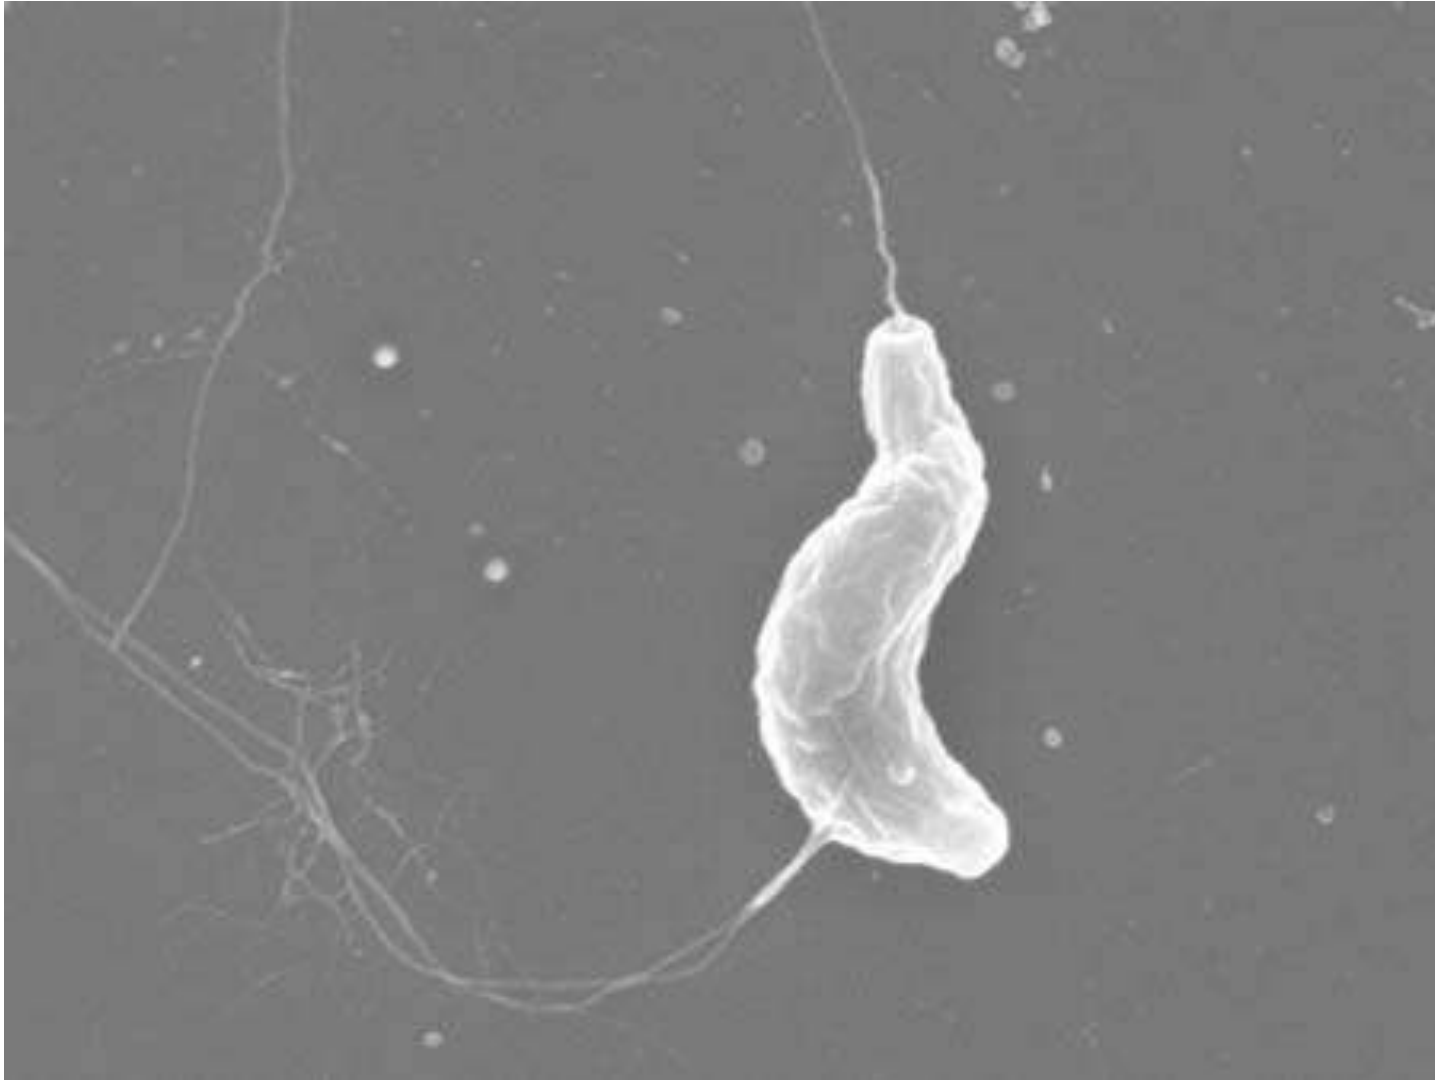

Penicillium cinsi bir bakteri

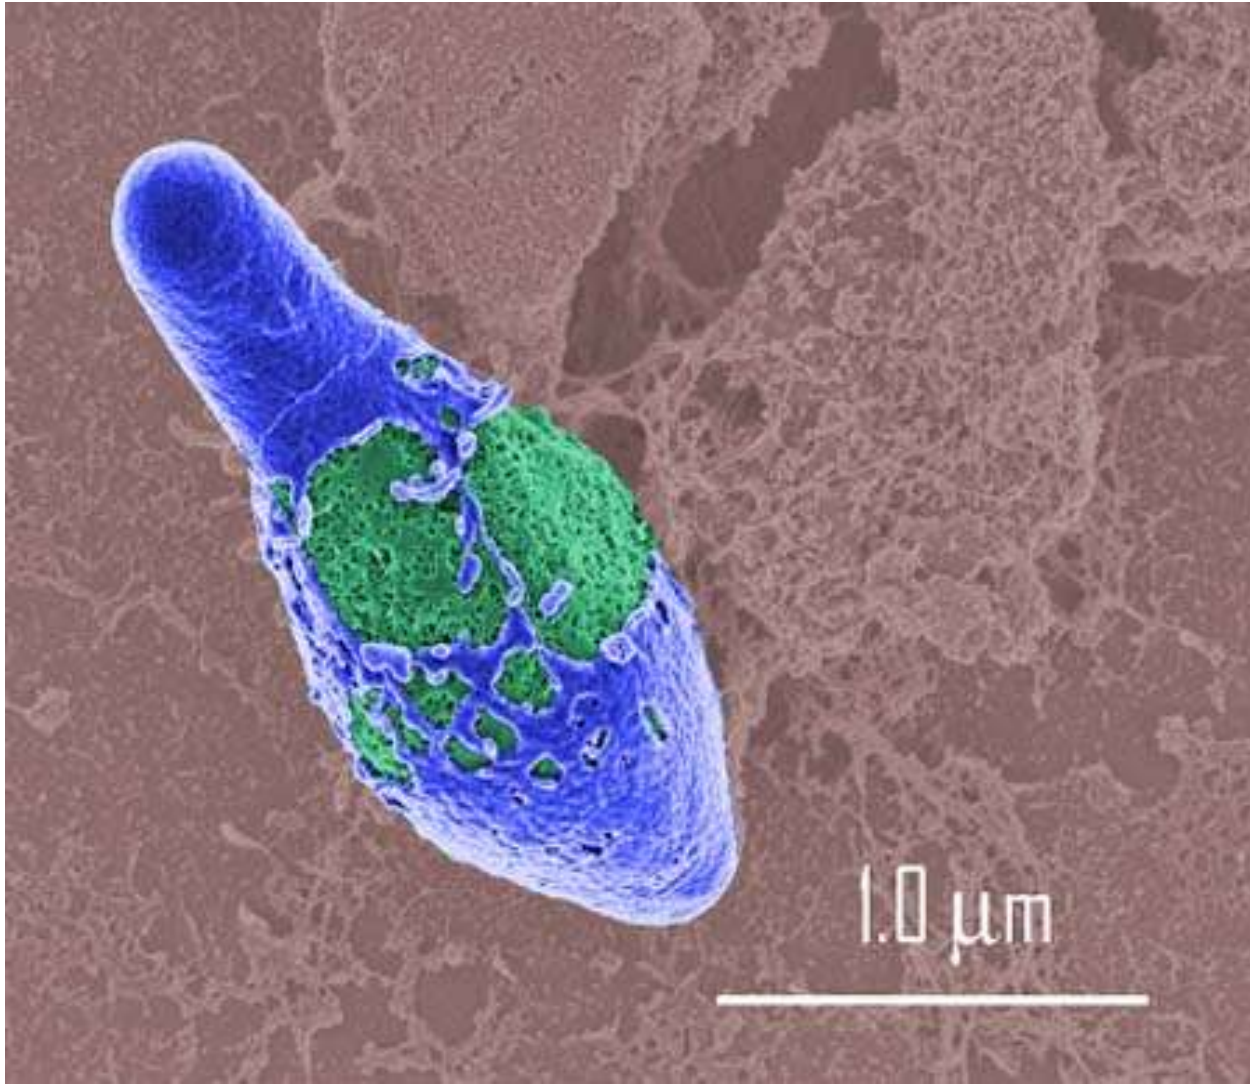

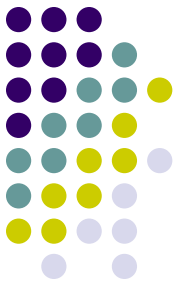

Brucella abortus

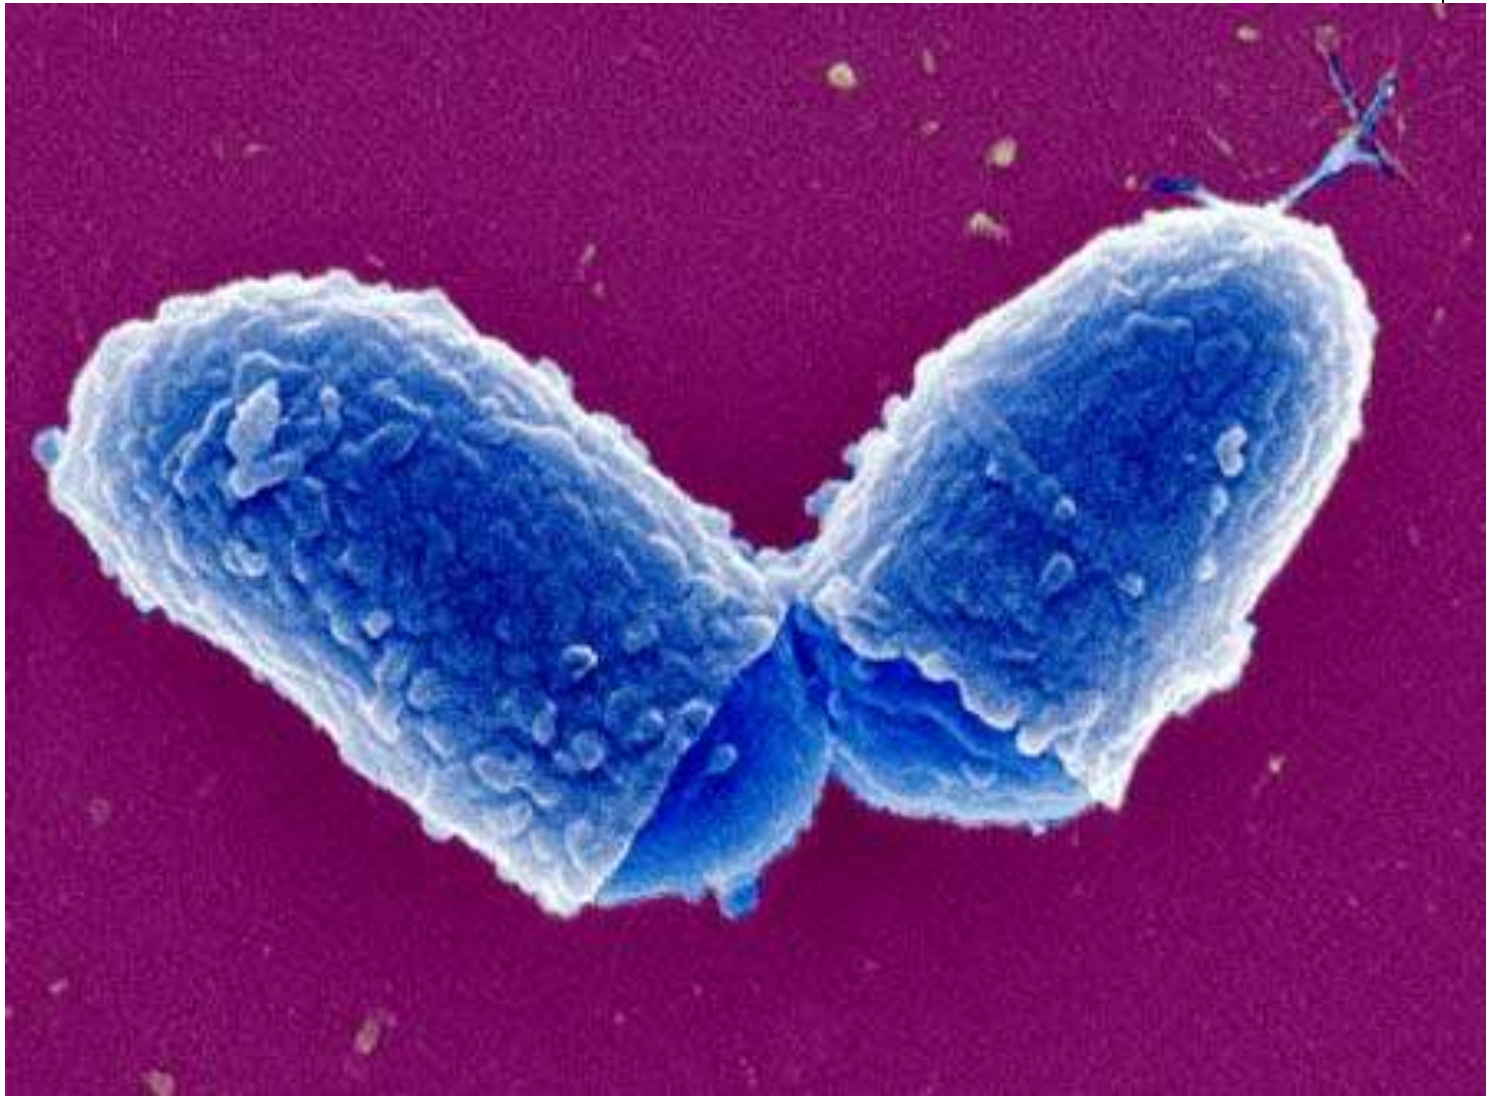

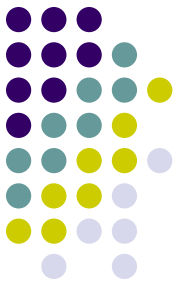

Campylobacter jejuni

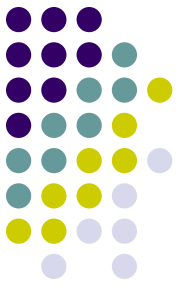

Clostridium botulinum (spor oluşumu)

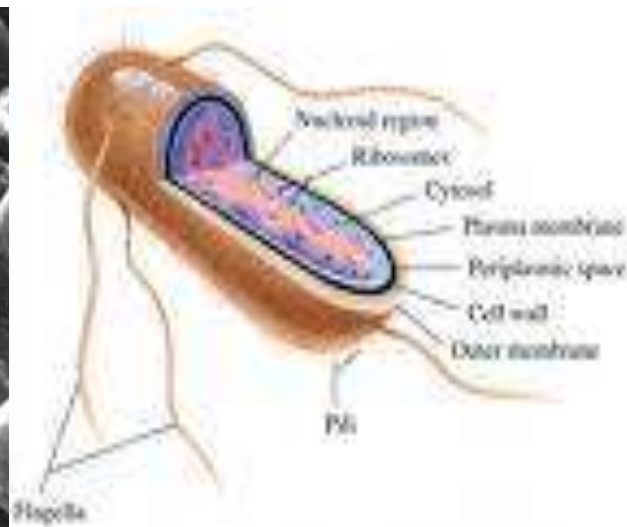

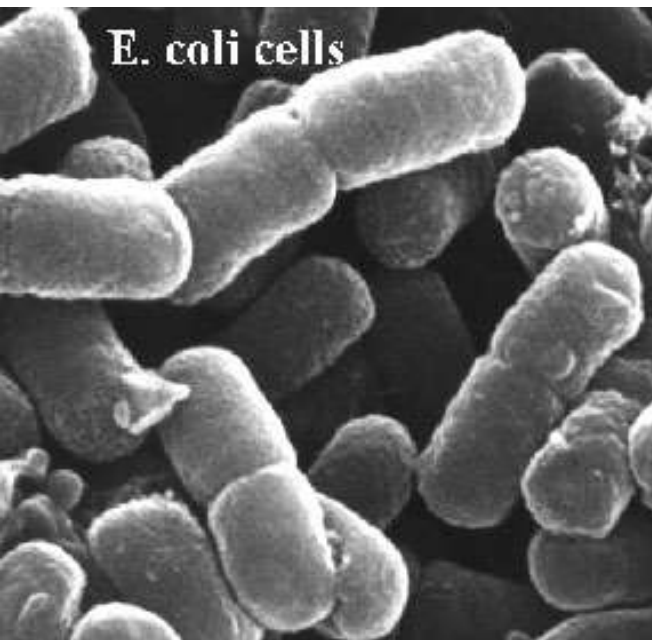

Crynebacterium diphtheriae

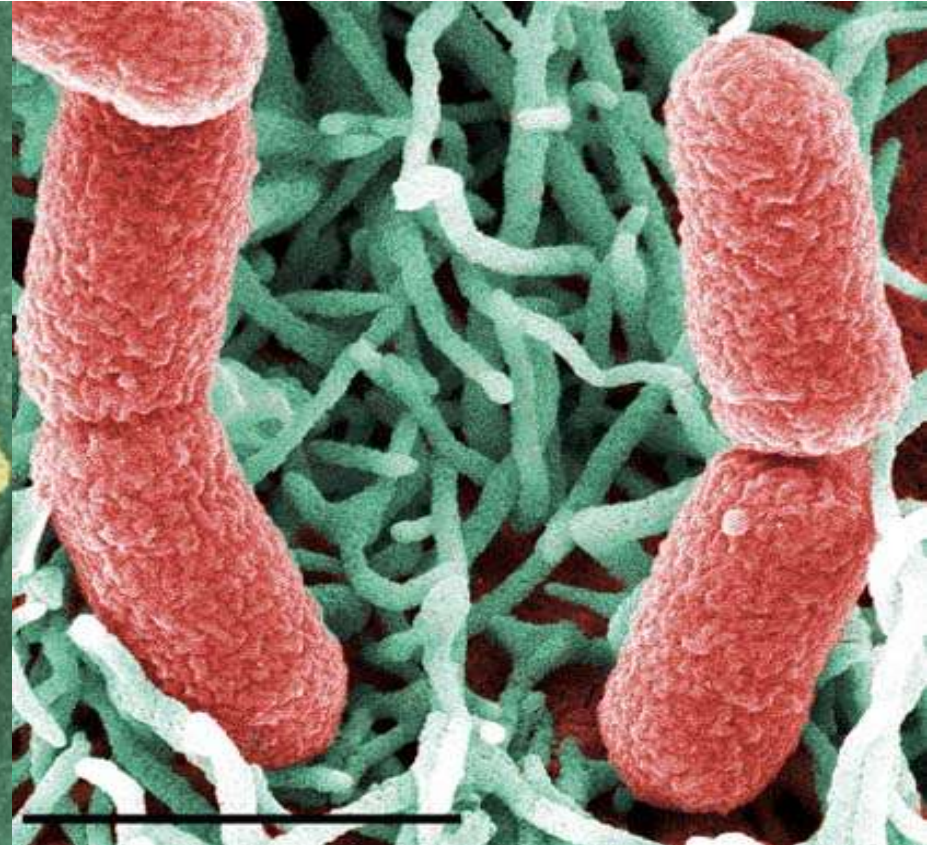

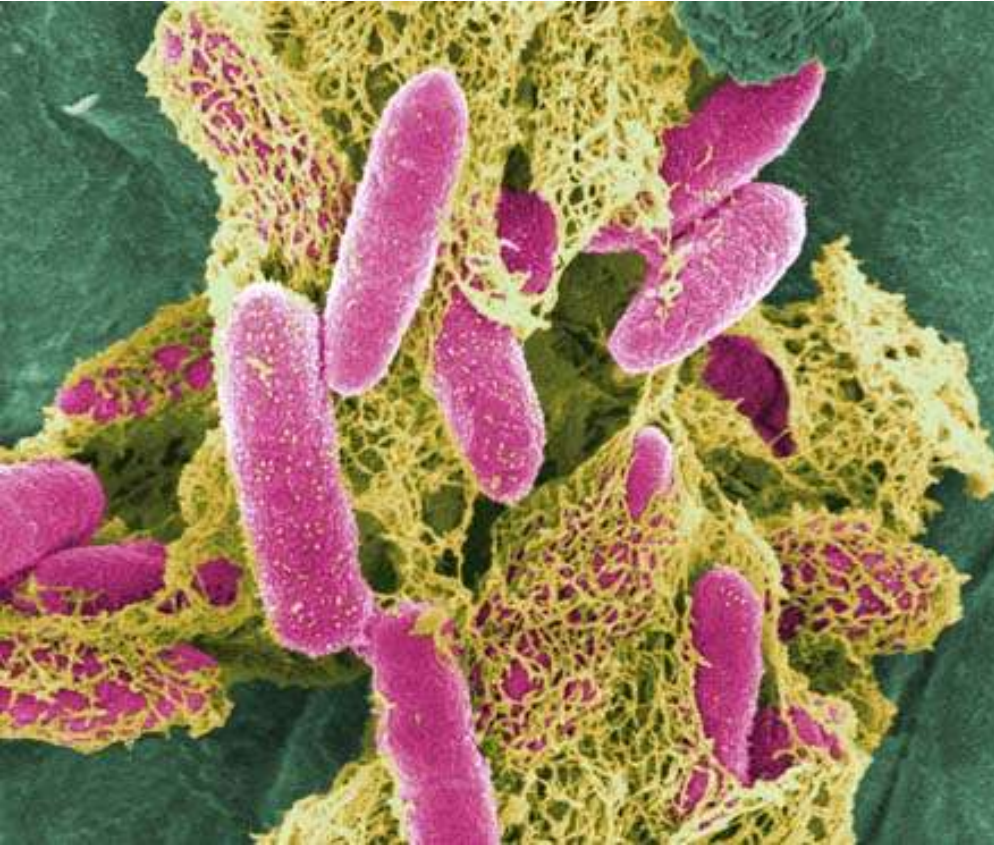

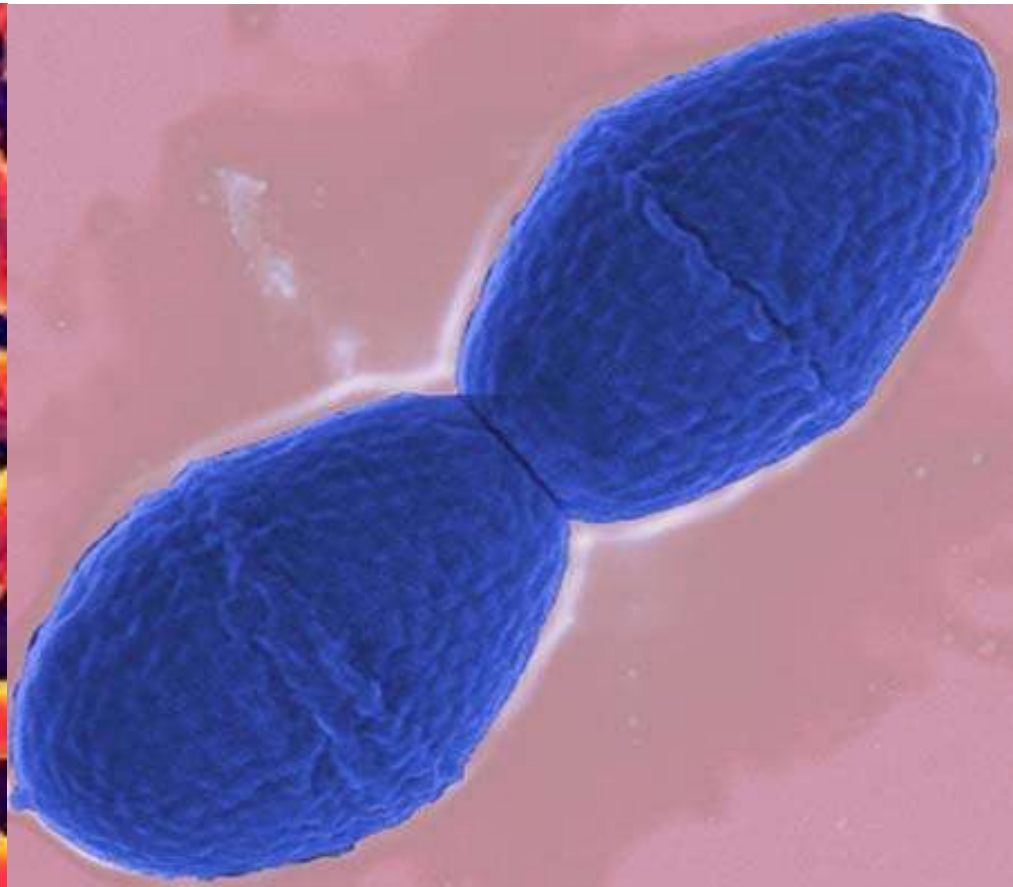

Escherichia coli

Escherichia coli O157H7 suşu

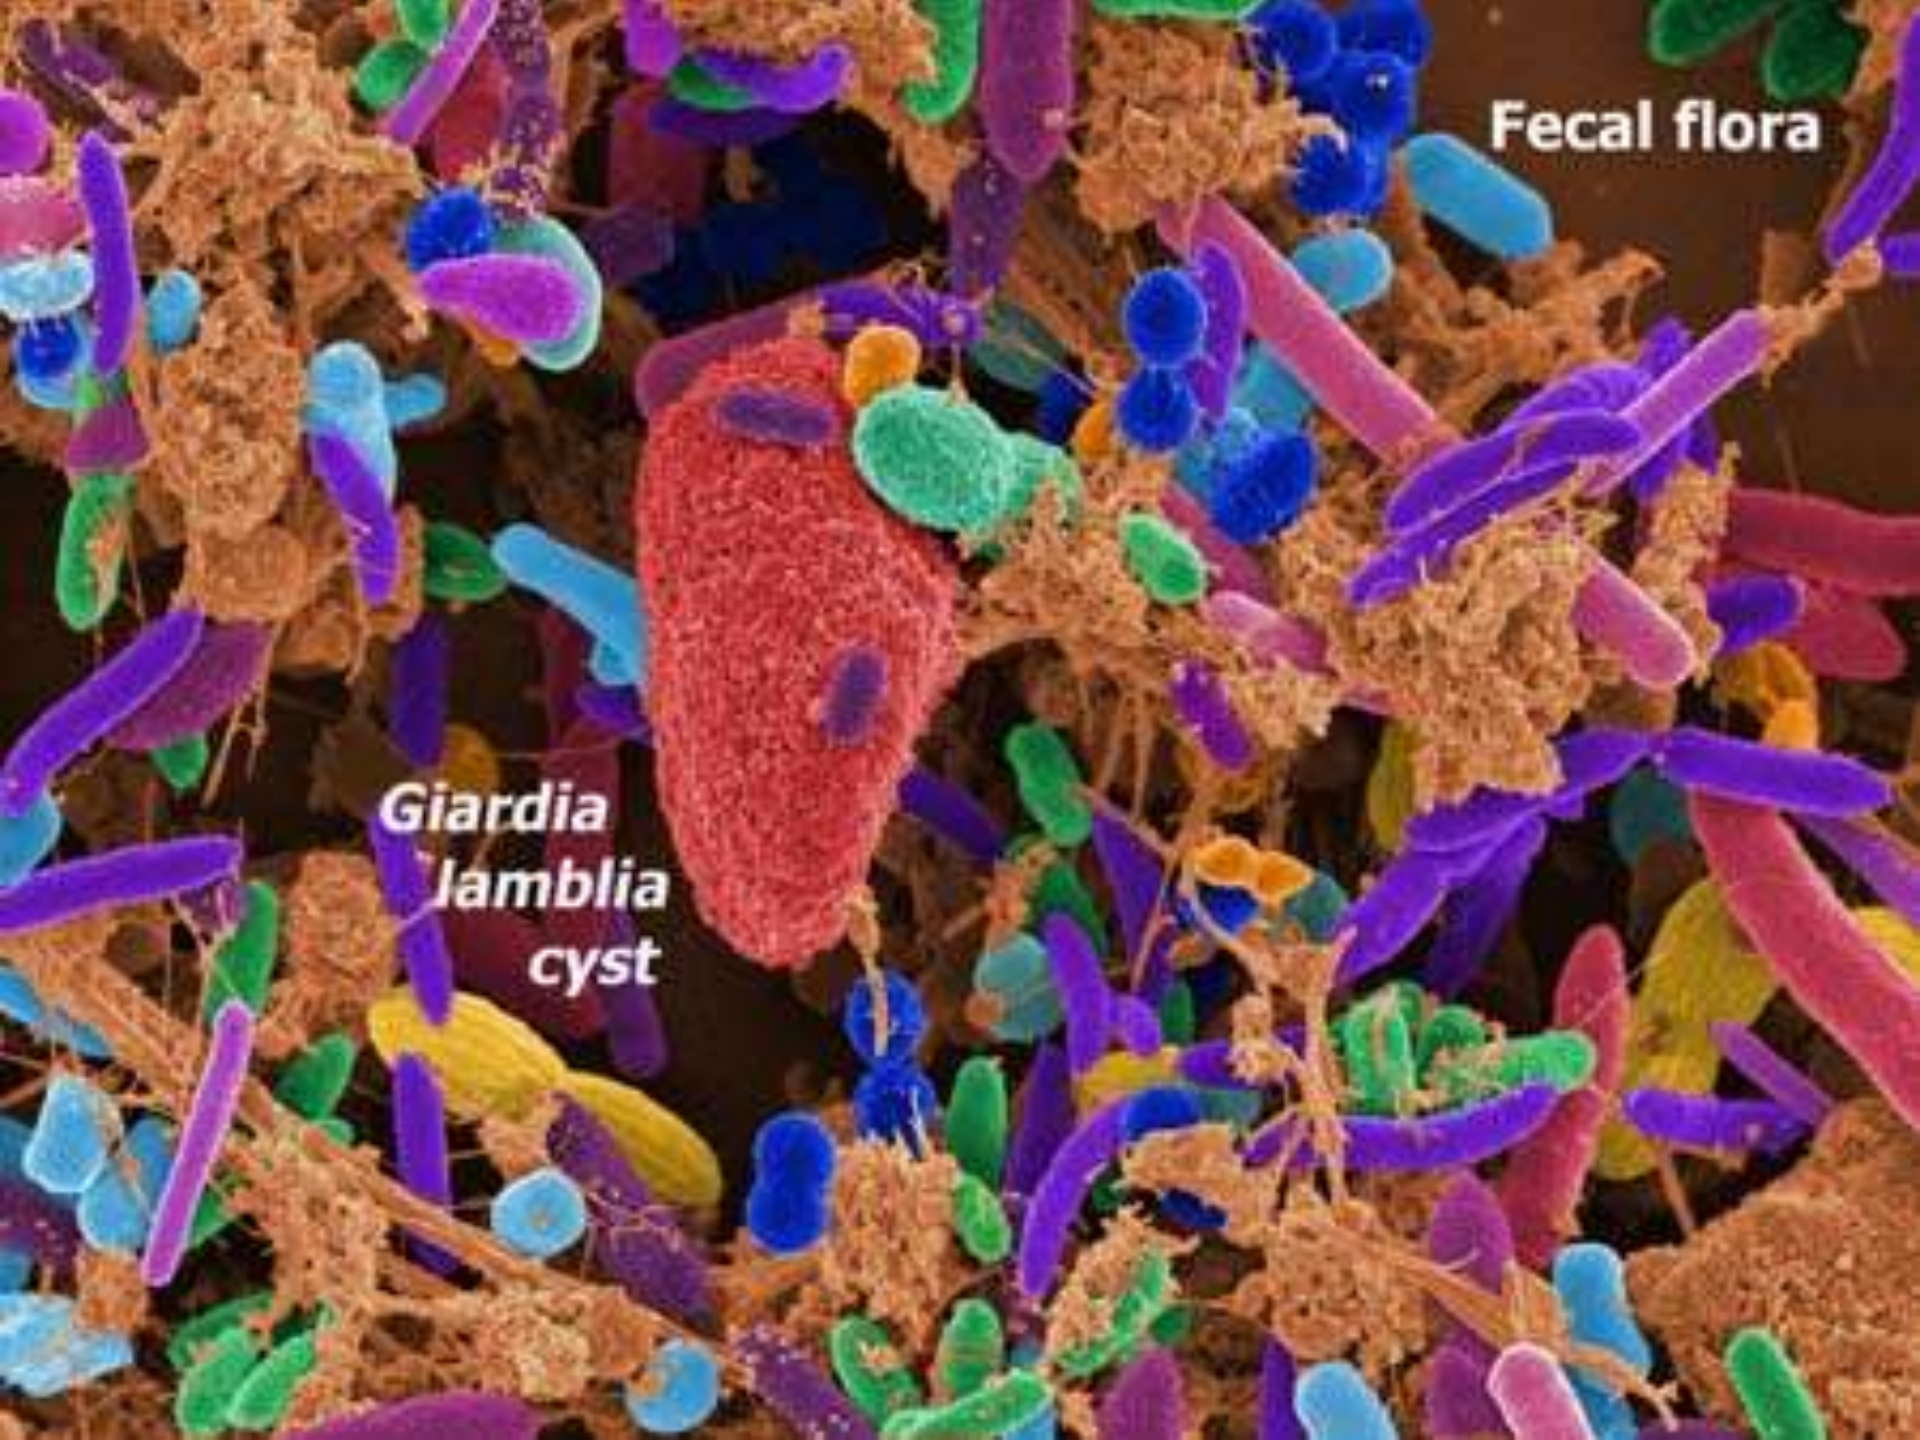

Enterobacter cinsi mikroorganizmalar

Fecal flora

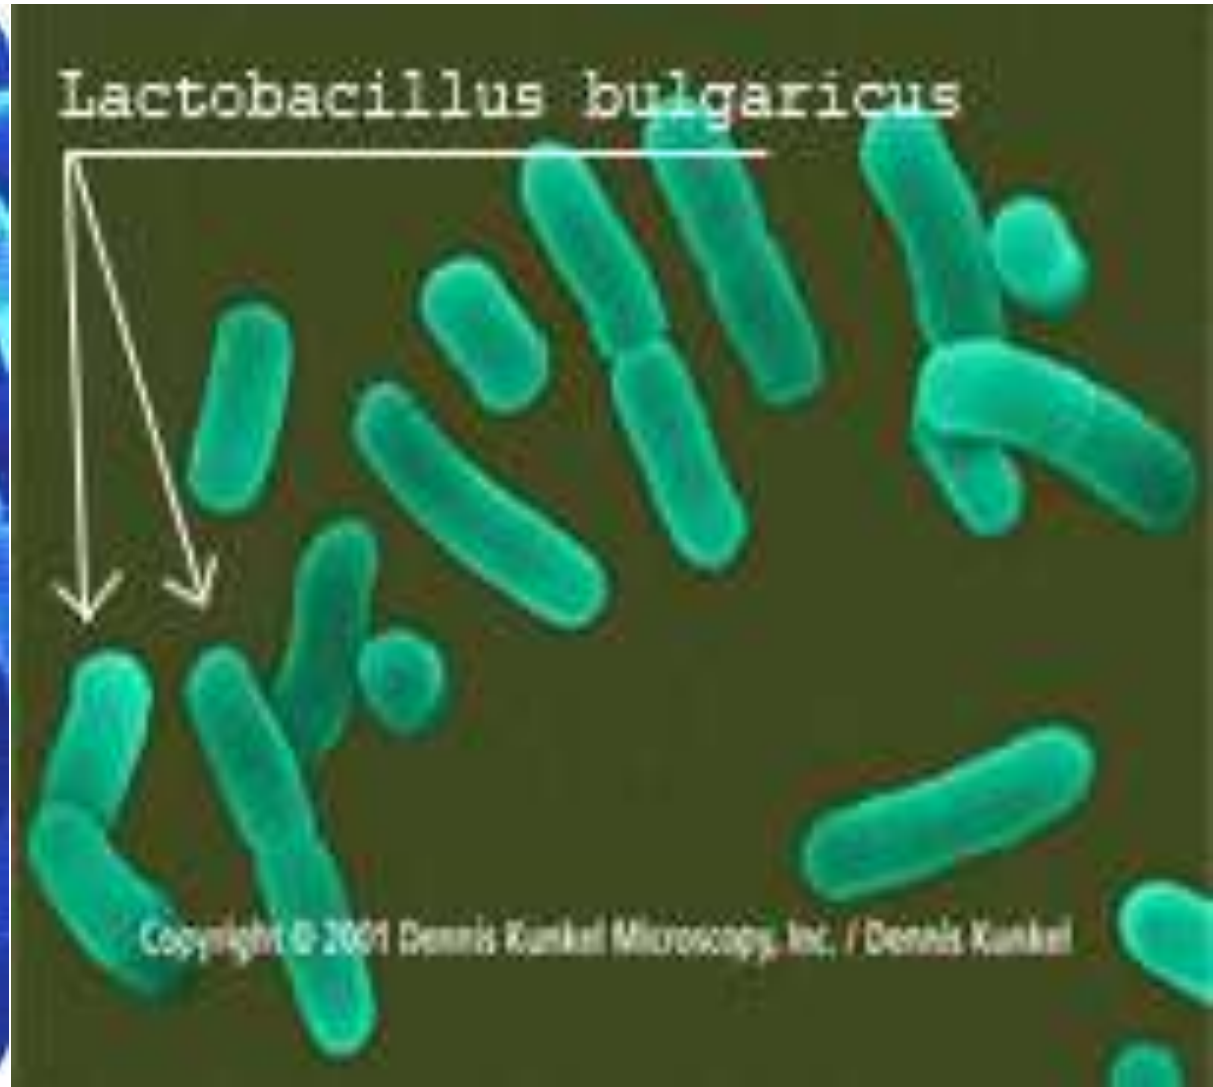

**Giardia
lamblia
cyst**

Lactobacillus brevis

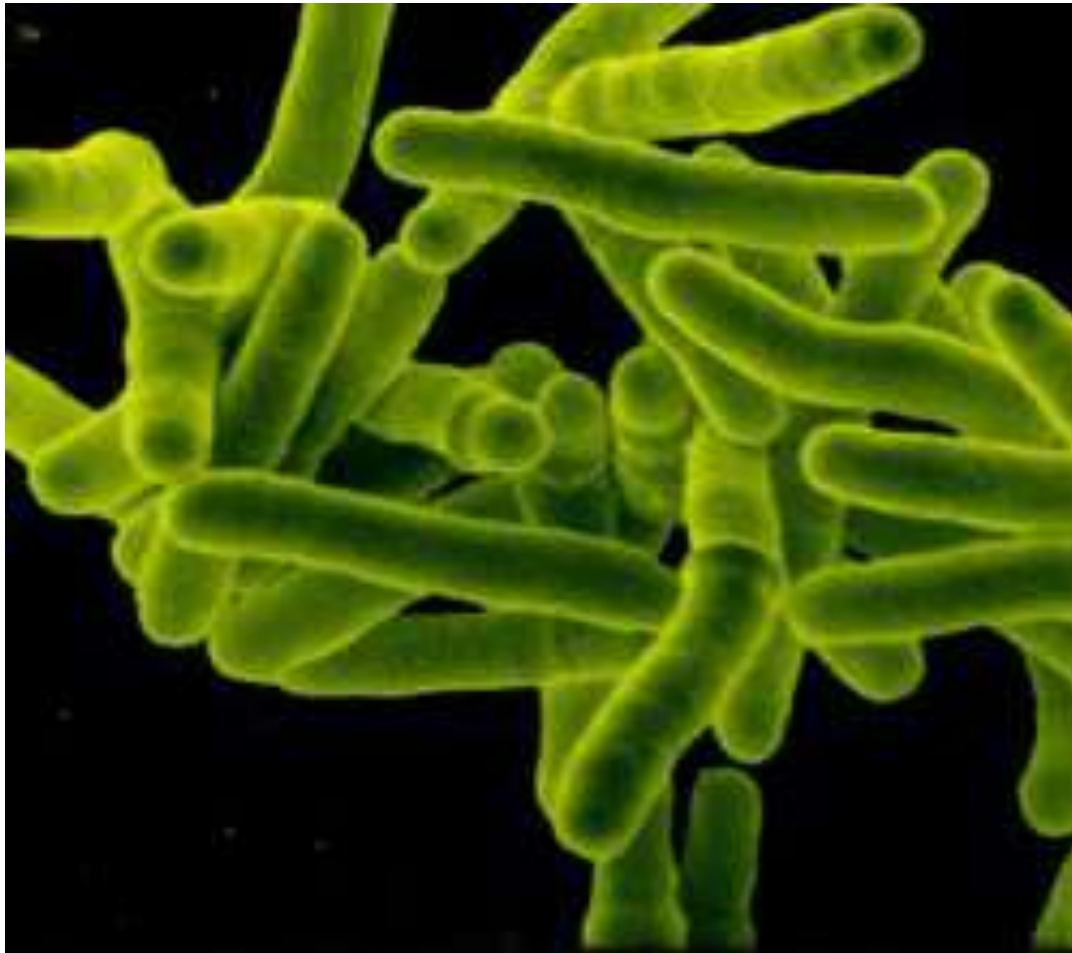

Lactobacillus bulgaricus

Leuconostoc mesenteroides

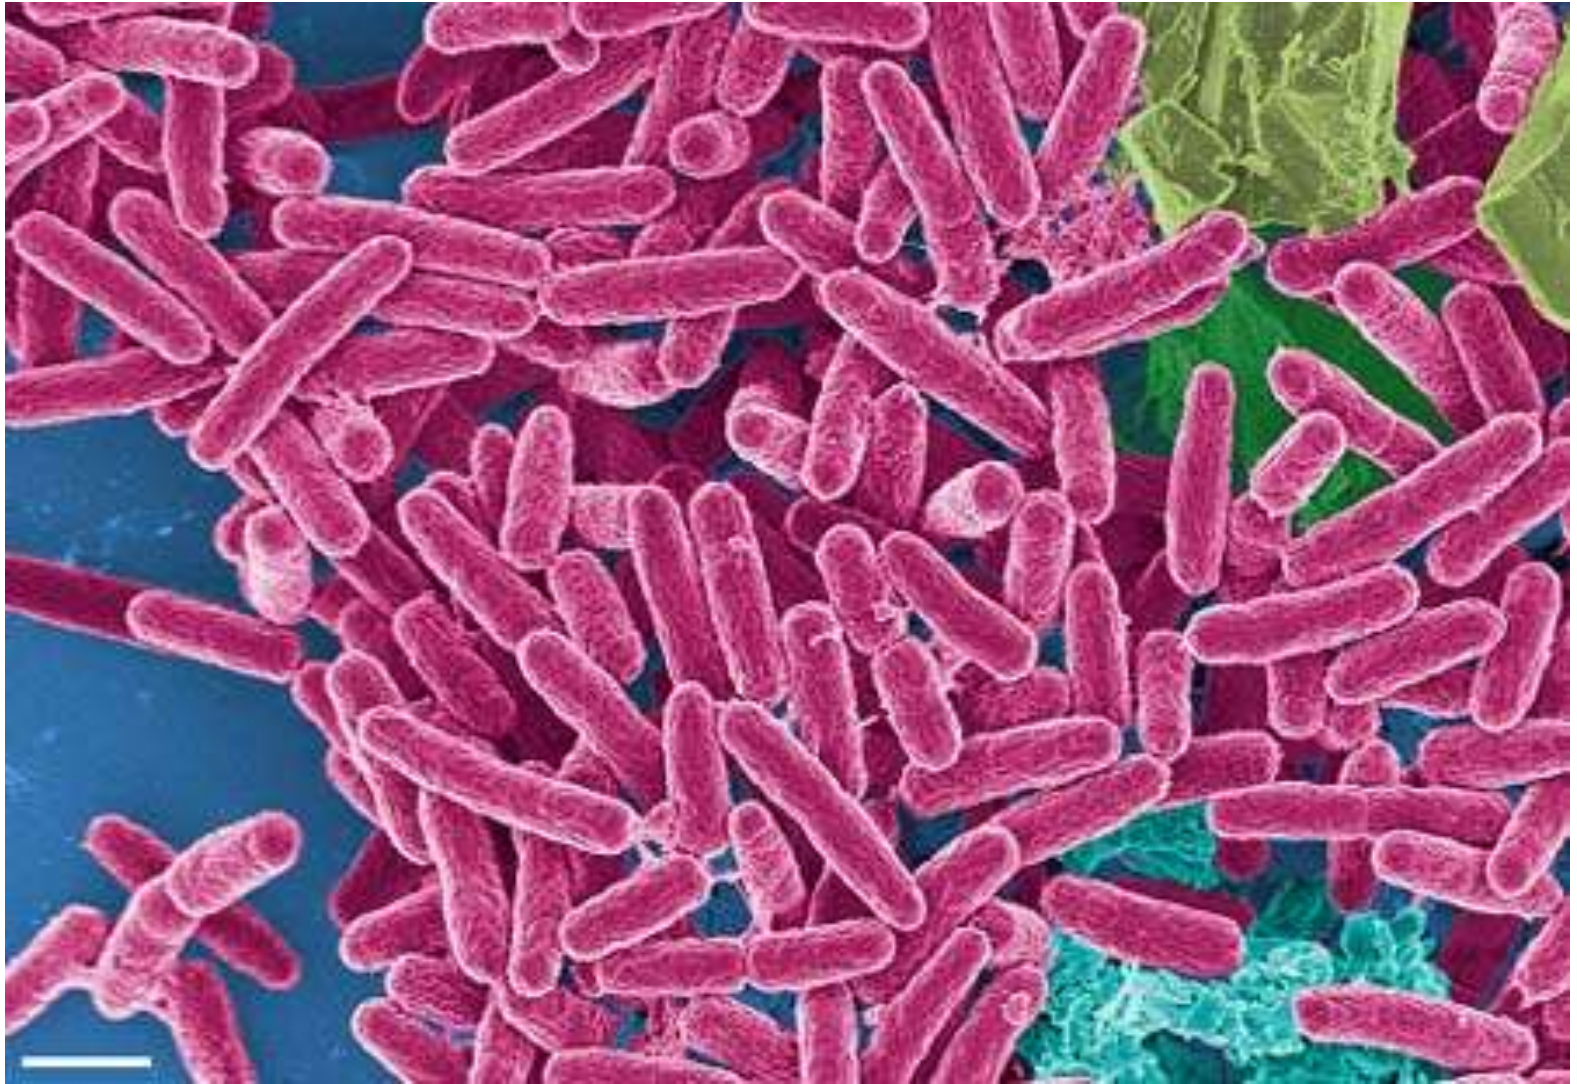

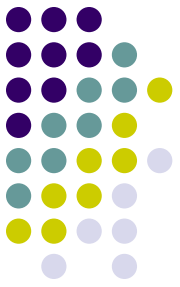

Mycobacterium tuberculosis

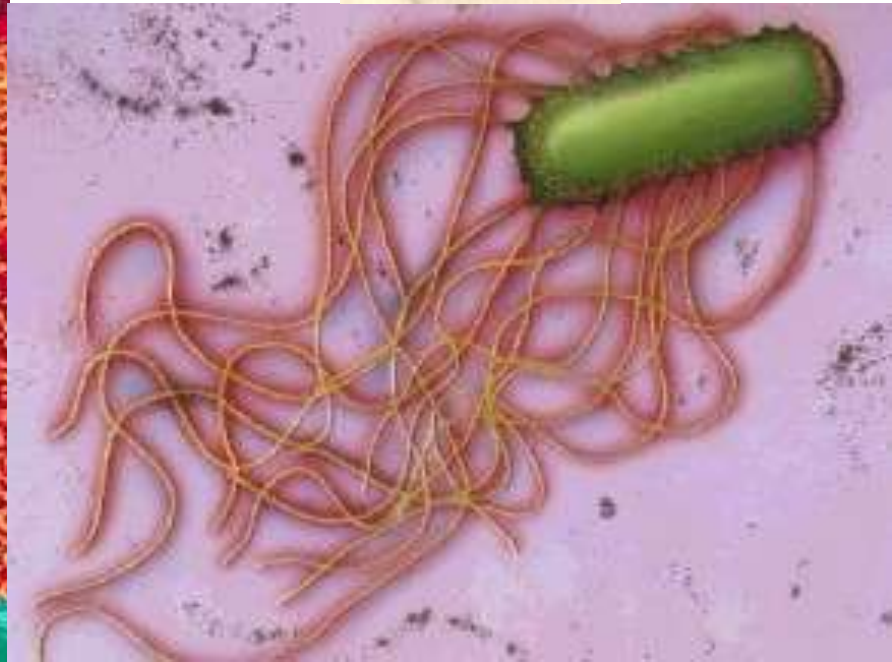

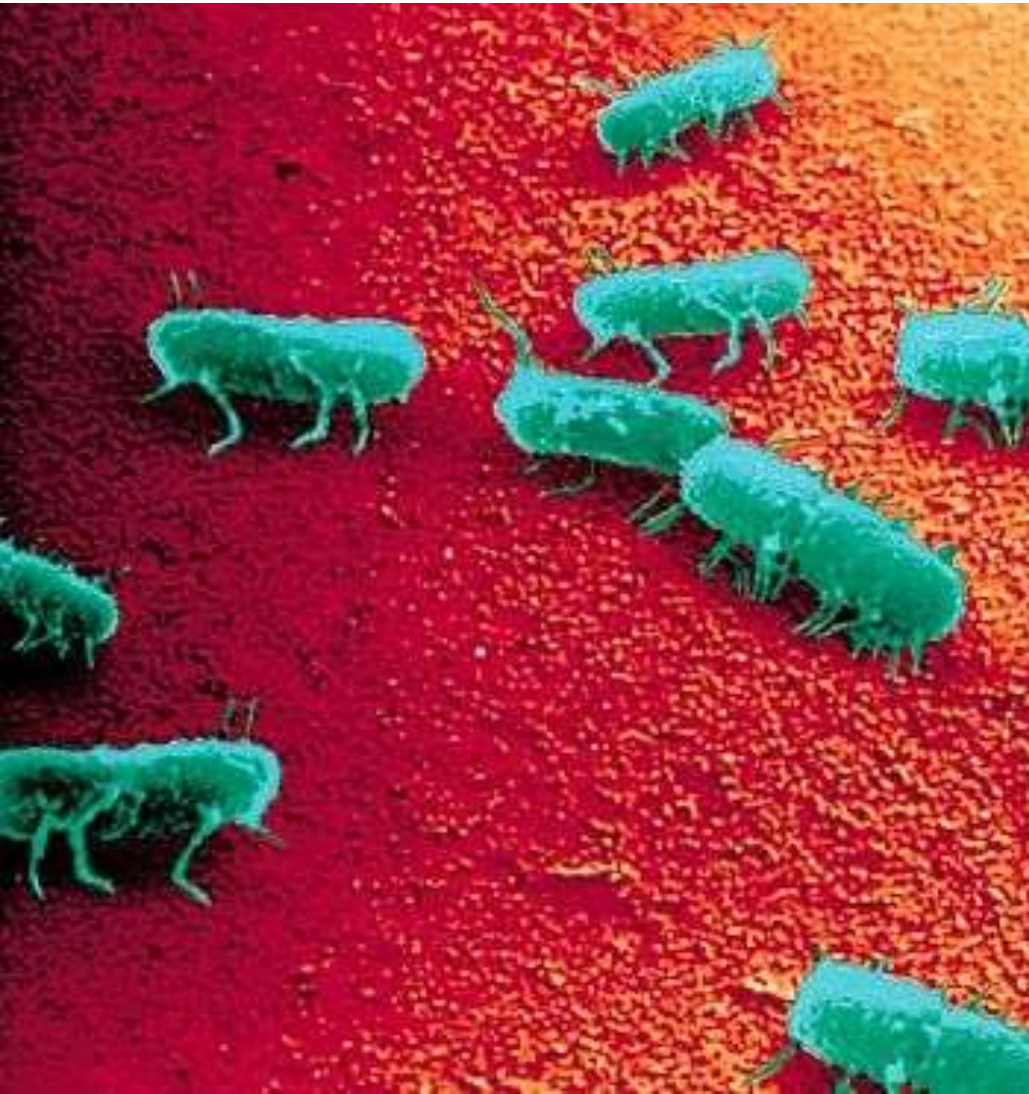

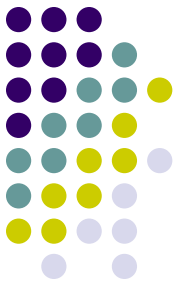

Scanning Electron Micrograph of
Mycobacterium tuberculosis

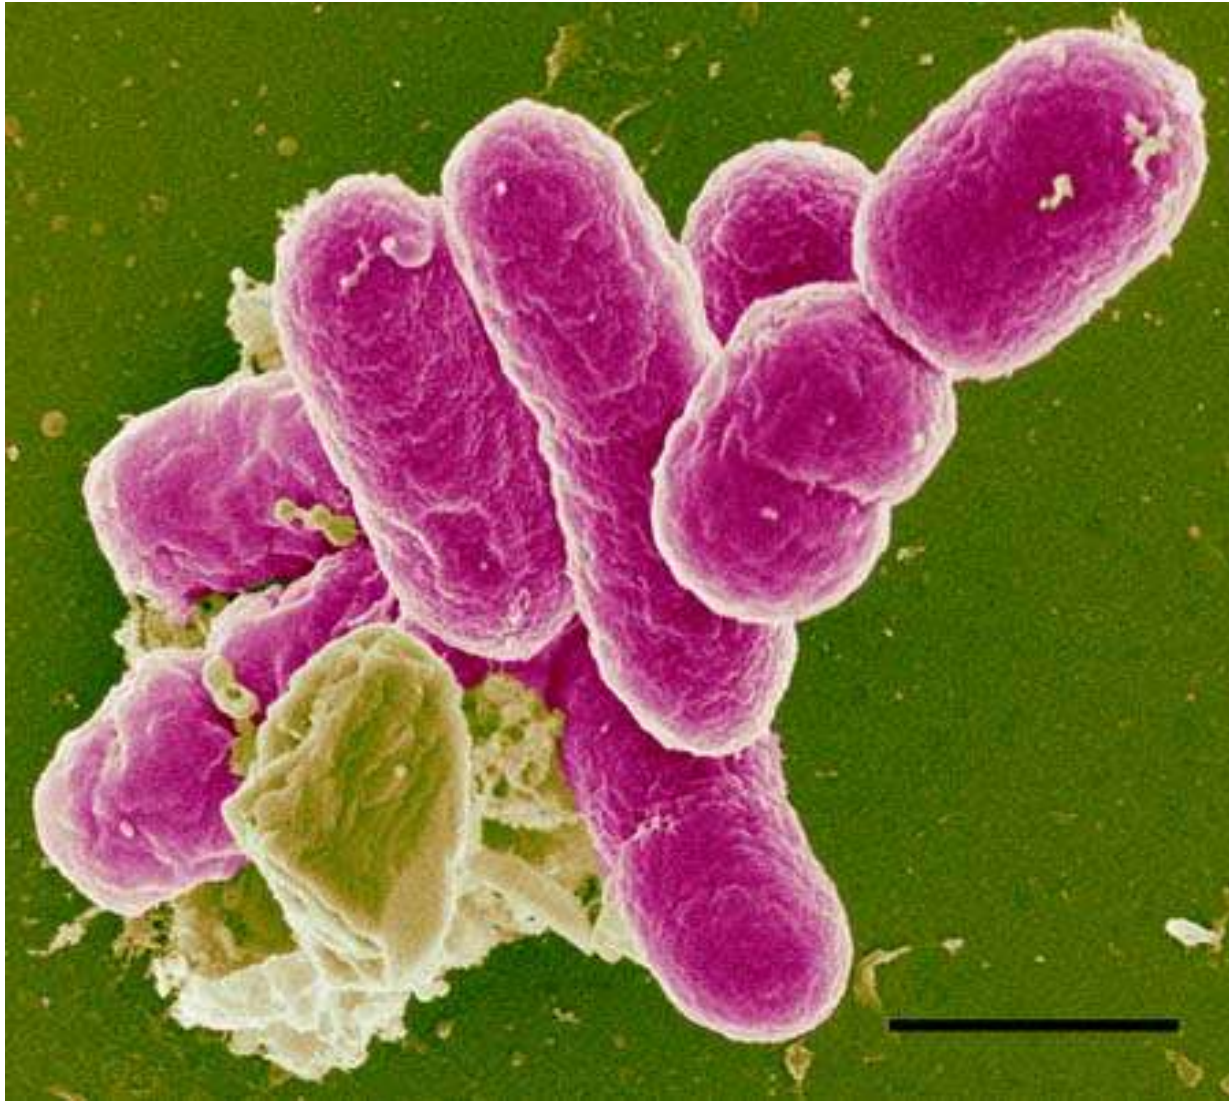

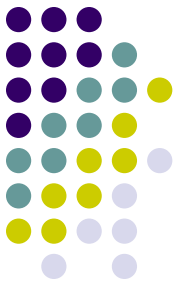

Pseudomonas aeruginosa

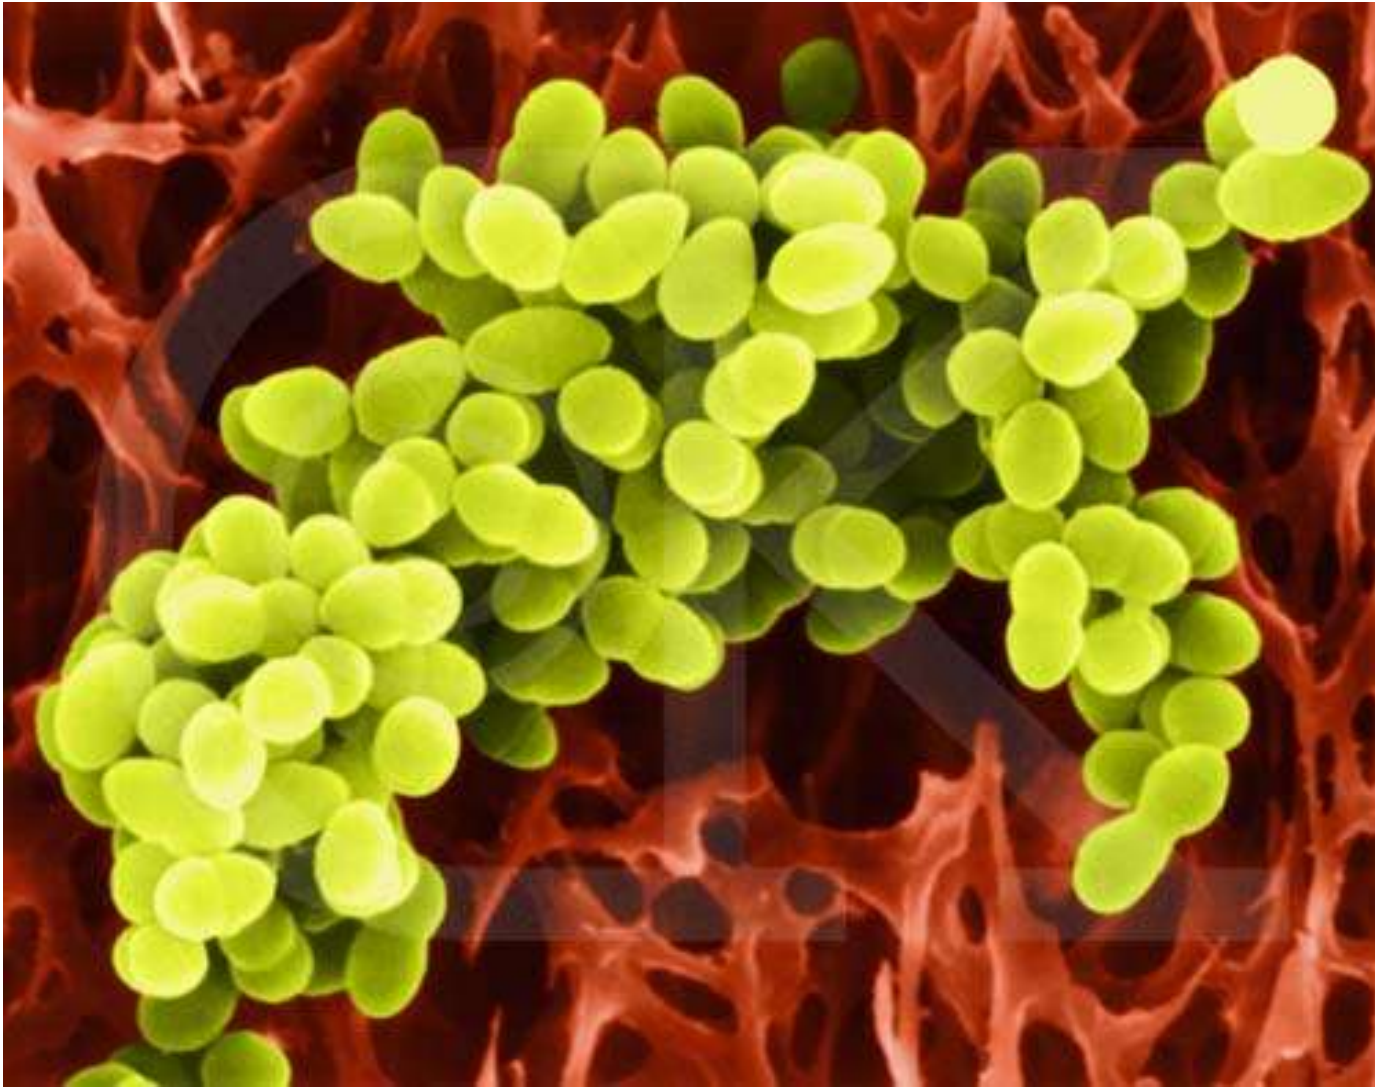

Salmonella

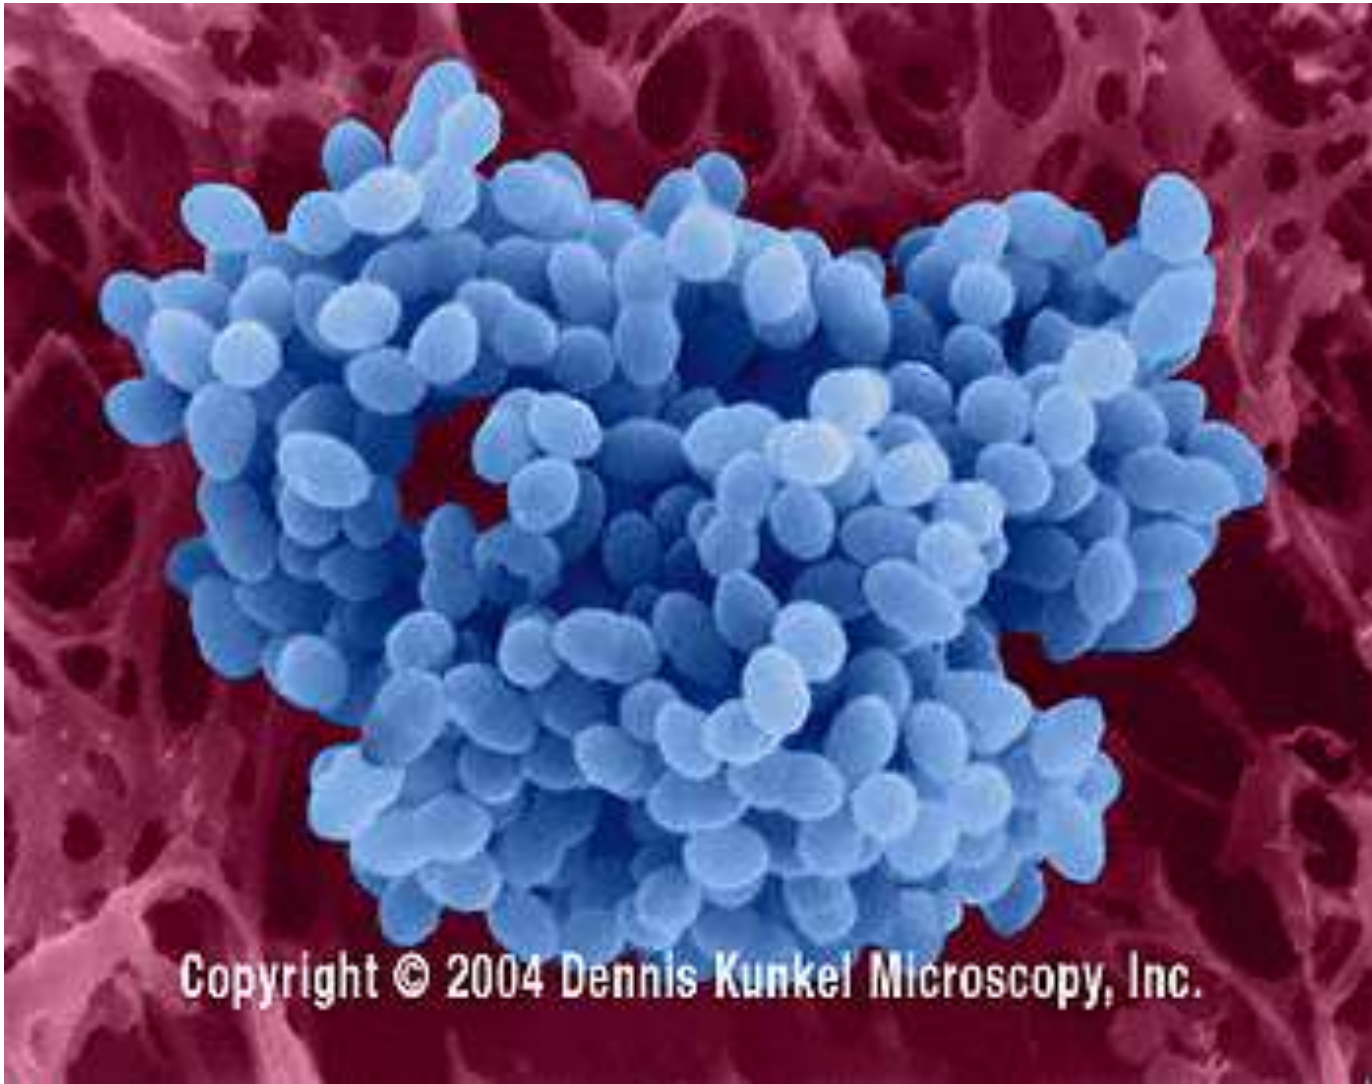

Shigella flexnerii

Staphylococcus aureus

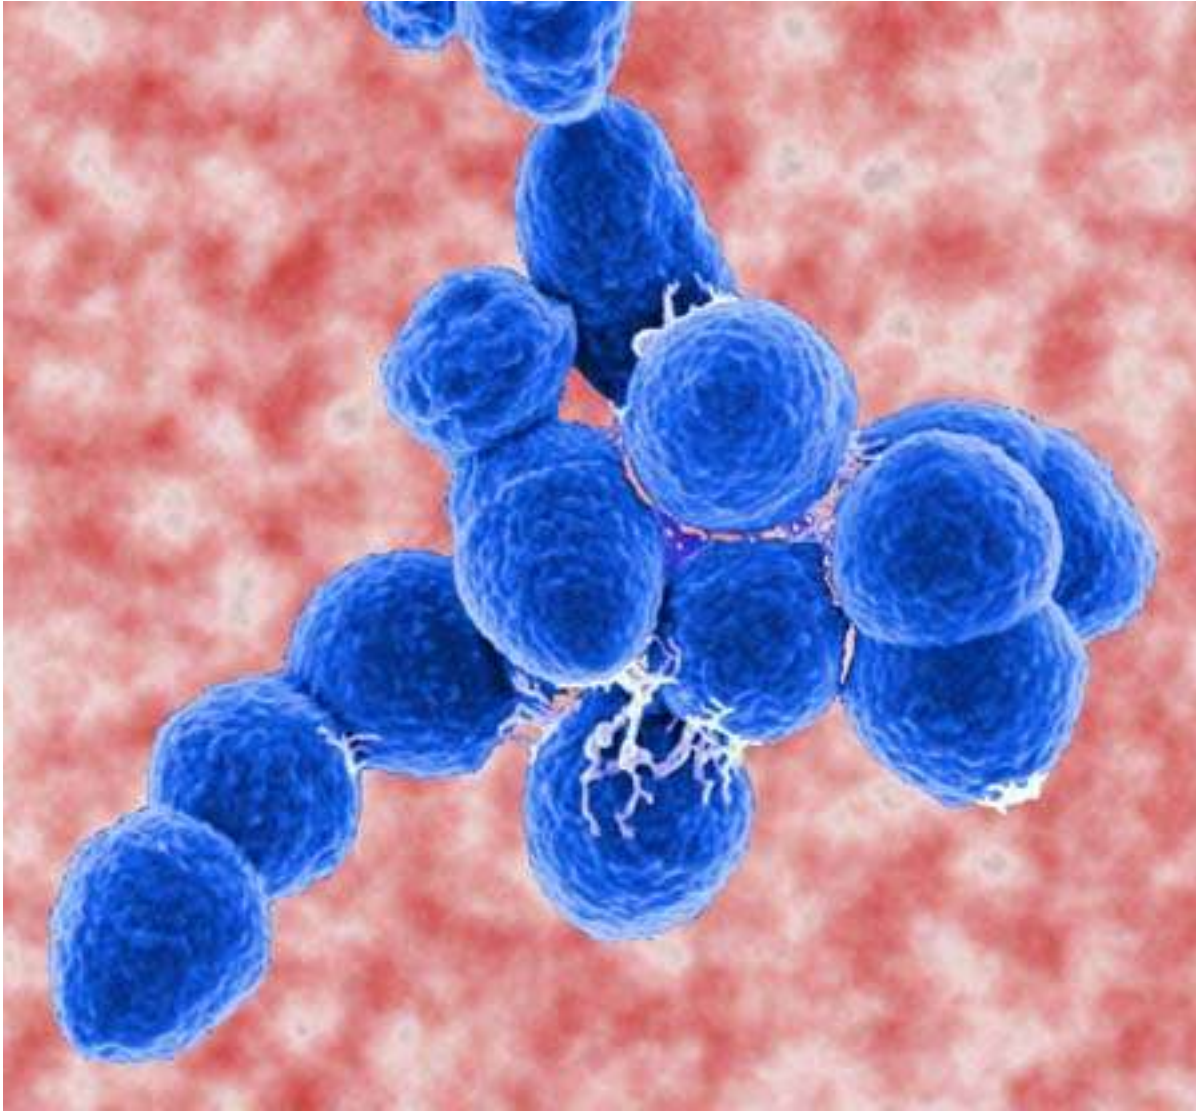

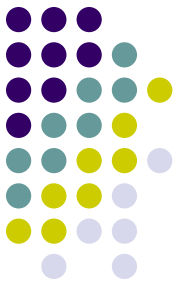

Streptococcus faecalis
